# Southern Crafters

www.southerncrafters.net

We come to Southern Crafters. This is my little home on the world wide web. I have been crafting for many years and find great enjoyment doing this. I got started by accident with a ceramic piece and it took off from there. Now being disabled I have found what I am able to do and share with everyone. The printables I make are so much fun to do, and I really hope the people that purchase these items, enjoy them as much as I enjoyed making them. Nothing says "Thinking of You" more than a handcrafted gift item/ The greeting cards I have are blank inside so you can write your own message, while sending a greeting card, add a Tea Bag envelope in there so the person you are thinking of can not only enjoy hearing from you, getting a great card, but then can sit back and enjoy a cup of hot tea.

Check back often as I will be adding more to the website. A HUGE HUGE Thank You to DJ DOODLE for all their fantastic, creative and generous support, they have made a dream come true by building this website for me. Thank you for checking my website out, enjoy the items I have there.
